Our pizza story

The Tide Mill mills grain grown in East Anglia, reducing food miles and is a welcome addition to our list of local suppliers. The grain is a specially selected red wheat grain which provides an excellent bake, capable of producing great tasty pizzas or a lighter loaf.

LOCALLY
PRODUCED

It is slow milled on traditional French burr stones to ensure the best quality and it's just the whole wheat grain, NOTHING ADDED, AND NOTHING TAKEN OUT, preserving the natural bran and characteristics of the whole grain with a strong, slightly nutty flavour to the flour.

Head Miller Dan Tarrant-Willis and his team use the tides on our River Deben to turn Woodbridge Tide Mill's huge water wheel and machinery to mill flour for your East Coast Diner pizza. Being one of only two working tide mills in the country makes this a virtually unique experience – so go and visit (see below).

Fine Havana cigars

There are just a few things in the world known without question to be the best of their kind. A Habano - or Havana cigar - is one of them.

Light - Medium cigar

Romeo Y Julieta No3

Winston Churchill's favoured cigar brand after his visit to Havana in 1946. Romeo Y Julieta's balanced & aromatic blend of leaves make them classic medium bodied Habano. The No3 is a really useful small cigar but it's not as small as you might think!

Size: 4 ½ Inches x 40 Ring Gauge. £15.50

Light - Medium cigar

H. Upmann Corona Junior

Formerly known as the Petit Upmann, this small cigar has the distinction of being the one that President Kennedy bought heavily just before he signed the US / Cuban trade embargo. A great cigar, especially when time is at a premium. Classic H. Upmann quality and taste.

Size: 4 1/2 Inches x 36 Ring Gauge. £9.60

Medium cigar

Cohiba Siglo III

Originally created for President Fidel Castro in the then top secret El Laguito factory, Cohiba is the flagship brand of all the Havana's. Cohiba, in its purest form, is an ancient Taino Indian word for bunches of tobacco leaves and was first seen by Columbus in 1492 being smoked by the original inhabitants of Cuba. Today, the tobacco selected for Cohiba is the "selection of the selection" and is perfectly demonstrated in this cigar - elegant, medium bodied with the distinctive Cohiba richness that has become indicative of world's finest cigar.

Size: 6 1/8 Inches x 42 Ring Gauge. £28.50

Medium - Full cigar

Montecristo Petit Tubos

Montecristo is the best selling, most popular handmade cigar brand in the world! The name comes from Alexandre Dumas' famous novel "The Count of Montecristo", which was read to the cigar rollers in the factory where the brand was first produced in 1935. Rich, tangy flavour is the benchmark for many smokers embarking on their journey to find their preferred Havana cigar.

Size: 5 1/8 Inches x 42 Ring Gauge. £16.10

Machine made

Guantanamera Cristales

A machine made Cuban cigar.

Size: 5 7/8 Inches x 41 Ring Gauge. £6.80

Cohiba Clubs (10 pack)

Brilliant little bundles of Cuban magic. They are very small, almost cigarette like in size, perfect for the cigar enthusiast with limited time on his hands or for the novice smoker who doesn't fancy puffing through an entire cigar. Either way, these tiny cigars are much loved by the cigar smoking community and are a joy to smoke. They are made in the same first-class Cuban tobacco fields as larger cigars from the main series, which is why they taste so wonderful!

Size: 5 7/8 Inches x 41 Ring Gauge. £17.10
